

## Built to scale

For high automation  
Scalable livebusiness

## Smart Master Data

Product Master  
(synced Material, Article)  
Hierarchies based on Semantic  
Tags  
Engineering Control Center  
Recipe finder

## Simplified Architecture

Embedded Transportation, CPM, PPM  
Central Requisitioning  
New Legal Content Management  
New Migration Cockpit

## Scalable Performance

Reporting speed up to 1000x  
Inventory Throughput up to 30  
MRP Run up to 10x  
VC algorithm significantly faster

## Built for People

Peoplecentric access  
Free textsearch  
Any device

## KPI driven Business

New Role based KPI's  
New Overview Pages  
(Sales, Quality, Procurement...)  
New Insight-2-Action Cockpits  
(QM, Engineering, Sales, DDMRP, FCC...)

## Smart Business

Demand Driven MRP  
Variant Config. & Simulation  
One Single Invoice  
Engineering change impact analysis

## Collaboration inside

Co Pilot  
Flexible Approval / resp. Mgmt.  
Report & Repair  
Malfunction Cockpit

## Built for Growth

Providing In-memory  
Integration base for future

## Supporting Cross Industry in Core

Automotive vehicle Search  
Commodity Management  
Fashion (Season & Segments)  
Banking- Loans Integration  
Catch Weight Mgmt.  
Agricultural Contract Mgmt.

## SAP Leonardo / IoT

ML: SAP Cash App  
Predictive Contract Analysis  
Geographical Enablement

## Integration to Cloud

Digital Payments  
Integrated Business Planning  
SAP concurrent  
SAP Ariba  
SAP Hybris  
SAP Fieldglass  
SAP SuccessFactors

## Solutions Offered...

### Infrastructure (BASIS)

- HANA re-platorming
- Training, upgarde/support pack
- Solution Manager  
(Installation, configuration & Support)

### Functional

- User's Training
- Business Design Audit
- Sap Implementation  
(All Modules)
- Staff Augmentation
- Application Maintenance Support  
(on-site/off-site)

### Technical

- Enhancement (costum program)
- Integration
- Program Optimization

### Special Offer/Other Services

- CAS BIR Package

## Immediate

Empower business users with  
insight to act in the moment

## Intelligent

Beyond automation.  
to predictive suggestion

## Integrated

Not only between your  
departments, but connected  
to the world
